

Using the Student AET *mobile* App

Step 1 - Load AET*mobile* to your smartphone.

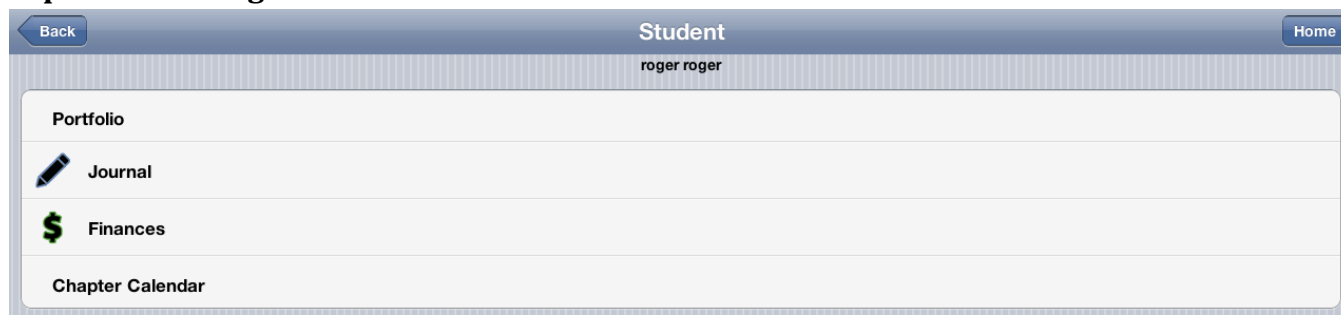

Using your phone's browser, type in <http://m.theaet.com>...then:

1. Log in to your student account using your normal AET password
2. Once logged in, you will see the following menus:

3. Now.... save this page as a “bookmark” or “add to your “home screen” and this will create an AET Icon on your home page of your phone

Step 2 - Using AET*mobile* - you can enter information that grows your reported experiences in agricultural education...

Using this menu you can:

1. Your portfolio allows you to view pictures, but you can use your AET Student Profile to create an email address and email pictures from your phone
2. Add journal entries to areas of your AET such as classes (if you are currently enrolled), AET experiences such as your time in SAEs, time in FFA competitions and activities as well as community service time
3. Enter your financial entries such as expenses for your projects or sales income
4. View your chapters calendar events as well as details of the event your teacher created
